## **EDITORS MESSAGE**

**All Newsletter material is due by the following dates:**

The newsletter will be emailed out to all members on around the 15th of each quarter. **Therefore** any articles, ads, executive information, etc must be sent to the editor no later than the 10th. This also, means that members **must** have their information submitted to their directors well before the following Due Date.

- Jan/Feb/Mar Newsletter - Due March 10 - sent out March 15
- Apr/May/June Newsletter - Due June 10 - sent out June 15
- July/Aug/Sept Newsletter - Due Sept 10 - sent out Sept 15
- Oct/Nov/Dec Newsletter - Due Dec 10 - sent out Dec 15
  - This issue has a FREE Christmas ad for all members

Listed below are new section of the newsletter. Please send these to [marg.zacher@gmail.com](mailto:marg.zacher@gmail.com) with the title in the subject line (ie; Brags)

- **Know Your Member** – this is by invitation (on a random draw basis). I will send out a list of 10 questions to be answered. If you are selected, I hope that you will participate. Forward back your answers, along with a picture of yourself (no show shots please).
- **Litter News** – Fill in the new Submission form, along with 1 picture of your new arrivals. This is in addition to you **still** letting your director know of any litter you have (please still do this as you can always give more information to the director). You can send me the picture of the litter, along with the following information ONLY: Sire – Dam – Breeder - # and breakdown of puppies - Date of Birth
- **Brags** – Fill in the new Submission form, along with 1 picture. This is in addition to you **still** letting your director know of your great accomplishments in any of the following arena's (Agility, Rally, Conf, etc). If you are not able to access the pre-fillable form, you can also send me one picture, along with the following. Registered name - Call Name - Owner and/or Breeder - win/or title attained and show. The picture can be either a showshot, casual or action shot. Only wins within the past 6 months. – **ONLY 1 brag per dog, per quarterly newsletter.**
- **Rainbow Bridge** – This is a new section: It will be setup as a ½ page FREE ad. You can design it yourself or get John Morin to assist (donation to rescue).

**All Ads are \$10 for each page. They must be sent in ad ready (either PDF format, JPEG or Word) 8 ½ x 11. Funds must be e-transferred to the treasurer [PapillonClubOfCanada@gmail.com](mailto:PapillonClubOfCanada@gmail.com) before your ad will be published. When you send the e-transfer put the Note/Message area "Newsletter Ad". If you cannot send electronically, then contact the treasurer to make the necessary arrangements.**

If anyone has any questions or concerns: please feel free to contact me  
Again, thank you everyone. Margaret Zacher

Welcome New members - Joanne & Rob Lanyon

I would like to acknowledge and congratulate our Life members Julia Beaton, Alanna Downton, Belle Darris, Olga Gagne, Donna & Terry Hawkes, Gillian Hunn, Sharon Moore, John Morin, Joanne Mysak & William Shrubsole, Bett Nielsen, Jo Raymer, & Moira Ure, for their continuous support and dedication to our club.

Our National Specialty will be held on Saturday June 21, 2025 in Dorchester just outside of London in conjunction with the Monarch Kennel club show, Thank you to Olga Gagne for host this event. I hope we will have a fabulous turn out and lots of support for this event. Good luck to all who participate

As all of you know, we have had a member pass away this year. She left behind 9 of her precious dogs with no instructions as to where she would have liked them to go. I would like all of us to take a moment and think about care plans for our little companions.

Here is a document that was published in another breed club newsletter. I believe this is food thought... and action!

Take care, everyone!  
Toby

Article submitted by our President Toby Hately.

## WHAT HAPPENS IF YOU HAVE AN EMERGENCY?

I wanted to talk a little about something that nobody seems to want to discuss but everyone should have as a top priority. This has been on my mind not only because of personal events but also because of a few absolute horror stories that I have heard of recently.

Hopefully all of us have a will, but do you have a plan in place for your dogs if you have an emergency? I recently heard a story where a person who, at that moment in time, was the ONLY person in her home in the country. The ONLY one that “knew” the dogs in her home, and she ended up in the hospital, admitted as an emergency. Despite reaching out to people she “kind of” knew in her community, there wasn’t a single person to go and care for her dogs and she ended up calling on a rescue to come and get her dogs.

In essence, she had to agree to give them up forever because she didn’t have a plan. It doesn’t matter if you are single or live with others, accidents CAN happen to prevent you from getting back home to your dogs. We should all think about who we know that can easily get into our homes, that knows our dogs and where their information is kept. Who is fed what, what the routine is etc. I know everyone can be scanned for a chip for identification but if someone doesn’t recognise your dogs how long will it take to ID your dogs. I can’t imagine laying in a hospital and having to worry that my dogs are all in my home running out of food and water...

We should all have a place where we have our files on the dogs that our contact person can find all the information needed, Vaccines, any needed medications, registration and really, where this dog should go in the event we are never coming home again. I personally have plastic zip closure folders for each dog, clearly labeled with a name and microchip number. Inside I have vaccine records. Now I have never had a “in case of my untimely death” plan for each individual dog in my care but considering recent events I think we all need a plan.

At this time, I have a visiting dog here. He now has his file along with my others with the contact information of his owner and his breeder.

While I hope nobody will ever have to use this information, I feel a lot better knowing that I have a plan.... Do you?

Donna Edwards found this Article: <https://dremmanuelfontaine.com/2025/01/07/how-to-feed-newborn-puppies/>. I hope everyone enjoys it!

Great submission – Thank you Toby

### On a further note:

**I personally have a directive in my will for my dogs, who is to get them, and how much \$\$ is forwarded for each dog, that the new owner will get to keep up with their care.**

Marg Zacher

## MEMBERSHIP CHAIR & BENEVOLENT COORDINATOR REPORTS

Submitted by: Kathy French

### *Papillon Canada Membership Chair & Benevolent Coordinator*

As I write this in mid March, the snow in our backyard here in Winnipeg is finally beginning to melt and glimpses of grass can occasionally be spotted underneath the white fluffy stuff. Prior to this week, we had an enormous amount of snow, and our little Phalene, **Oakley**, was confined to travel on the figure eight path that my husband, Roger, had shoveled in our backyard, for her to do her “business” and run her “zoomies.” This past Winter, we have had extremely frigid temperatures, for an extended period of time, as compared to last Winter. So our dog, Oakley, was limited to very short walks, and sometimes none at all, when the Winter winds were too harsh.

### MEMBERSHIP RENEWALS

Throughout the Fall of 2024, as well as into January & February & March 2025, I have been very busy accepting and processing **Papillon Canada Renewal Applications** and membership fees. Unfortunately, due to the Canada Post mail strike in November & December 2024, membership renewals were delayed and I am still receiving some renewals for 2025. I am grateful for the assistance of our Club’s Treasurer, **Jayne Russell**. We have worked well together as a team, emailing each other regularly.

The membership count this year stands at **79**, which is up a wee bit from last year this time, since we have had a few new members join our Club in the past year. **13** of these are **Joint memberships** & **14** are **Life memberships**. Membership renewal email reminders were recently sent out by Regional Directors & appeared to be very helpful with regard to encouraging membership renewals. Unfortunately, however, **1** Club member chose not to renew their membership and another Club member passed away. **4** other Club members have indicated their desire to renew their membership, but as I write this Report, still have not done so.

### WELCOME TO NEW CLUB MEMBERS!

There has been **1** joint **New Member Application** approved in the past few months. I would like to extend a very warm **Welcome** to the following new Club members...

#### **Joanne & Rob Lanyon**

27588-112 Avenue

Maple Ridge, BC

Email: [joannelanyon@gmail.com](mailto:joannelanyon@gmail.com)

Sponsors: Kelley & Case Laan

Joanne & Rob are involved in Conformation & Agility

There is currently **1** joint **New Member Application** pending, which I expect will be approved in the coming week.

## CONGRATULATIONS LIFE MEMBERS!

This year marks a milestone for BC Club member, **Julia Beaton** and Nfld Club member, **Alanna Downton**, as they join the ranks of 12 others who are **Life Members**. Julia and Alanna have now been Papillon Canada Club members for **30 years**, having joined our Club in **1995**. Congratulations to Julia and Alanna, who have each been very valuable members of our Club. Julia has been very involved with Papillon Canada Rescue and Alanna has served for a number of years on our Board of Directors, as an Atlantic Regional Director.

## MEMBERSHIP STATS

### Membership breakdown is as follows:

BC – 29, which includes 6 joint memberships  
AB – 13  
SK – 2, which includes 1 joint membership  
MB – 5, which includes 2 joint memberships  
ON – 17, which includes 2 joint memberships  
QC – 3, which includes 1 joint membership  
NS – 5, which includes 1 joint membership  
NB - 1  
PEI - 1  
NFL - 3

We currently have no International Club members at this time.

### Regional Directors:

Representation in Canada is as follows:

BC – 29 members, 2 Directors  
AB - 13 members, 1 Director  
SK/MB combined – 7 members, 1 Director  
ON – 17 members, 1 Director  
Atlantic Provinces & QC combined – 13 members, 1 Director

## MEMBERSHIP ROSTER

I am in the process of preparing the **2025 Papillon Canada Membership Roster** and I will email it out to all Club members, when I have completed the updates. The Papillon Canada website will also be updated, with any necessary changes. Please do not hesitate to contact me throughout the year if any additional changes and updates to the Membership Roster or Website are necessary.

## WELCOME TO THE NEW BOARD OF DIRECTORS!

On **April 1, 2025**, we will welcome a new voluntary **Board of Directors**. All Regional Directors will be remaining on, as well as some Executive members, while others have fulfilled their 2-year mandates and are leaving the Board. We are grateful for the many hours of voluntary time that these Board Members have contributed to our Club...

**Thank you to Toby Hately (President), Kylie Wilson (Vice President), Louann Hansen (Past President), Donna Edwards (Secretary), Kathy French (Membership Chair), Nancy Verhoog (BC Coastal Regional Director), Nancy Lopaschuk (BC Interior Regional Director), Stephanie Thygesen (AB Regional Director), Debra Robertson (SK/MB Regional Director) Robin Mercer (ON Regional Director), Bett Nielsen (QC & Atlantic Provinces Regional Director.)**

We are also grateful for the new faces of other Club members, **Lu-Anne Clark** and **Cindy Hayes**, who have agreed to volunteer for the next 2-year mandate (**April 1, 2025 – March 31, 2027**). As no Board Member nominees were contested, an election was not required and the following Board members were elected by acclamation...

**President – Toby Hately (AB)**  
**Vice President – Lu-Anne Clark (ON)**  
**Past President - Louann Hansen (AB)**  
**Treasurer – Jayne Russell (AB)**  
**Secretary – Cindy Hayes (ON)**  
**Membership Chair – Kathy French (MB)**  
**Atlantic Provinces/Quebec Director – Bett Nielsen (NS)**  
**Ontario Director – Robin Mercer (ON)**  
**Manitoba/Saskatchewan Director – Debra Robertson (MB)**  
**Alberta Director – Stephanie Thygesen (AB)**  
**BC Interior Director – Nancy Lopaschuk (BC)**  
**BC Coastal Director – Nancy Verhoog (BC)**

## THANK YOU FROM PAPILLON CANADA RESCUE

Thank you to Club members who included a donation cheque for **Papillon Canada Rescue** in with your renewal forms, mailed to me, via Canada Post – **Alanna Downton, Kathy French & Roger Fontaine, Debra Robertson, Angelika & Neil Sirois, Carol Swan-Laing**. My apologies if I have omitted to include any other Club members who have made a donation this year.

I do know that many other donations to **Papillon Canada Rescue** were made, via e-transfer, to our Rescue Coordinator, **Donna Edwards**, and we have very much appreciated that. All donations go

directly into the medical care, rehabilitation and re-homing of the Papillons in need who come into Rescue's care. These past few months have seen an influx of Paps who have come into Rescue. Most required spay & neuter surgeries as well as dental procedures. So your donations have been, and continue to be, very well used.

Thank you also, to everyone who placed an order and purchased a **2025 Papillon Canada Rescue Calendar** for yourself, as well as for family and friends. I would especially like to offer a big **"thank you"** to Alberta Club member, **Stephanie Thygesen**, for volunteering to take on the task of creating these calendars, sending them to the printers & mailing them out to all those who submitted calendar orders. They really are beautiful and a most treasured souvenir!

## CONDOLENCES

On behalf of the Papillon Canada Board of Directors, as well as all Papillon Canada Club members and friends, I would like to offer my sincere condolences to Ontario Club member and our current Papillon Canada Secretary, **Donna Edwards**, on the passing of her sister, Marilyn Boylan, in February 2024. In past years, Marilyn was a Papillon Canada Club member. Our thoughts and prayers are with Donna and her family.

As well, I would like to offer my sincere condolences to the family and friends of Alberta Club member, **Catherine Redding**, who passed away suddenly and unexpectedly in late December 2024. A big **"thank you"** to Alberta Club member, Carole Dyck and Ontario Club member, Donna Edwards, who coordinated the care and re-homing of Catherine's beloved Papillons.

My condolences also go out to all Club members who have recently lost a family member or friend, including those who have lost a furry companion.

## MB – SK Director Report

We have a new addition to our family! A quick overnight trip to British Columbia and back with this cutie.

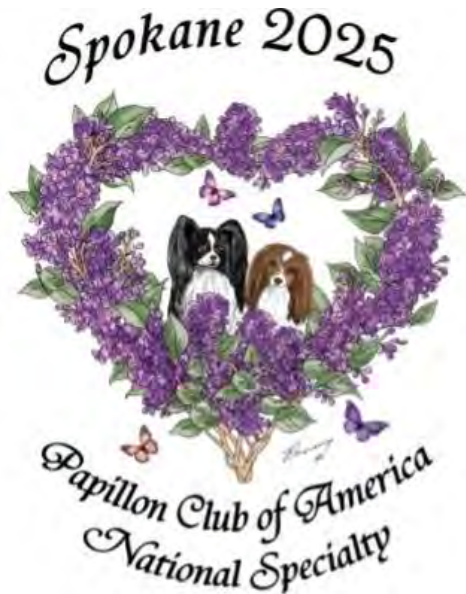

Nanrich Topflite Quickest of all AKA: Quick Breeders: Dick & Nancy Lopaschuk, Sandra Schumacher

Owners: Debra & Ken Robertson, Nancy & Dick Lopaschuk CAN GCH AM GCHPS MBISSOH Akai's. Calico Jack x CAN/ AM GCH Nanrich TopFlite MidniteMadness

Thank you to Nancy and Dick for their wonderful hospitality, airport shuttles and amazing meals while I was in BC. Thankyou to Nancy, Dick and Sandy for letting Quick to become part of our family. This beautiful view is off their deck.

Hello, my name is Cindy Hayes and I am looking forward and excited to be your Secretary in the Papillon Canada Club for the next 2 years. Having rejoined Papillon Canada in July 2023, after a 22-year hiatus, it is great to be once again involved with our wonderful breed club. I was deeply involved in the club, having served as Newsletter Editor for many years, Secretary, which included Membership duties, Archivist and Statistician for the CKC Studbooks 1985 to 2001, worked on the revised constitution and various other duties as they came up. Also produced the only 2 Papillon Canada handbooks for the club, which were sent to many countries around the world. I have served as Secretary, along with treasurer, and other positions for a number of other clubs. I previously showed, trained and bred Papillons, under the Hayeshaven kennel name from 1988 until 2001. Along with being a member of Papillon Canada, I was also a member of The Papillon Club of America, The Papillon (Butterfly Dog) Club UK, The Papillon Club of Singapore and the Papillon Club of New Zealand during those years.

In 1988 I started out with Wynfield's Dandi Lion HIT, CDX, "Dandi" who went HIT in our first time out in obedience in Peterborough and again in Toronto in 1990. Dandi went on to be # 6 Obedience Toy in Canada in 1990. He was truly a great Papillon, winning 1<sup>st</sup> or 2<sup>nd</sup> in his class (or occasionally failing as dogs will do). Dandi was trained and ready to go to UD level to earn his OTCH, but he had 3 bad and scary incidents with other dogs in the obedience ring, and I stopped competing with him so that he did not get hurt any further. I wouldn't try Obedience again. We did get to do demos for various activities, features at the sportsman show (where I took a booth for several years) and in parades. Another incredible Papillon from my kennel, was OTCH Hayeshaven KC at Bat Am UD, CGC, TD1, lovingly owned, trained and shown by Ricki Abrams, who earned # 1 Obedience Dog in Canada during that time. I had many Champions and a number of all Champion litters. My imported gorgeous Am Cdn CH Winsome Forme Music Man "Banjo" had many group placements, all over eastern Canada and was a truly wonderful addition to my kennel. It truly broke my heart to have to disband my kennel in 2002. "Dandi" stayed with me and lived to be 16 ½ years of age and I still miss him. He is pictured below. I have a wonderful Papillon companion "Jasper" who is 8 years old and such a kind and loving soul. My recent addition of "Rockalily's Maeve at Hayeshaven", gratefully purchased from Lu-Anne Clark has shown her wonderful qualities, as a Senior puppy, by earning a 2-point major at her first time in the ring, at a show in August of last year. She will be returning to the show ring this year, after recovering from my fall (almost on top of her in the ring) at her first show.

I am so very glad to be returning to this truly exception breed and hope to see members at this years' upcoming shows. Good luck to you all. – submitted by Cindy Hayes – Hayeshaven Reg.

## RESCUE REPORT WINTER 2025

For those of you who follow rescue, you will know we have been through a very busy season with rescue.

We had 9 dogs who came in from an Alberta breeder. The breeder became ill and could no longer properly care for the dogs. We had 5 come in before Christmas and then the other 4 when she passed away, a few weeks later. The 2 oldest dogs ended up being adopted by their fosters. Which is great because they are older

it meant they did not have to make the change to a third home in a short time. One of the dogs went back to the co-owner in the US, who did reimburse rescue for all vets costs. The final six of this group were all younger, a few of them siblings and after having shots up to date, spay/neuter, a good grooming and lots of training were ready for forever homes. Thank you to club members who helped in this rescue. Picking up the dogs, holding onto them until fosters were lined up. And helping transport them to fosters. Being in another province this would have been a nightmare without your help.

I want to thank all the fosters who took on these dogs. They all needed basic training such as potty training, walking on a leash, using stairs, learning to trust people they don't know and accepting that they would be safe. All of the dogs ended up in the home that was best suited for them and their needs. Some went to families with kids and other pets. with lots of activity going on. Others went to couples who love to interact with their dogs, and a couple went to single person homes, where they can get lots of love and the single attention they need.

Just about the same time we had 2 older sisters come into rescue. The owner of these girls passed away suddenly. A friend took in the dogs and decided she couldn't keep them, so someone she knew took them in. Again, she decided they were not a good fit in her home. After some shuffling around we were

contacted and asked to take them. So, we did

## Which meant we now had 11 dogs in foster.

I was not sure how our funds would cover all 11 dogs. Calendar sales had just ended, with another successful year, which raised about \$1500. Then I started my never-ending post on our Facebook rescue page, begging for donations. Boy, did people step up. We had 3 rescue angels come onboard. What are rescue angels? Well, those are people who decide to take on either all or over 50% of the cost of a certain rescue dog. Derby, Buttercup, Maggie and Hope, the 3 older dogs from the breeder and the 2 sisters all found angels. Without these people I am not sure we would have paid all the bills. We also had a \$1000 donation from a company even though we don't provide receipts. The number of people who made donations from \$5 to \$500 overwhelmed me. I wish I had a better way to show appreciation than just saying thank you. But if you follow our page and see the transition of these dogs, from hiding in crates to jumping all over adopters to running and play with other dogs. It is amazing to watch. We also had a groomer who

offered to groom any dog brought to her for free. This will be an ongoing offer for any dogs that come in in her area. She also became an adopter to one of the younger males.

We currently have 3 dogs left in rescue, one in BC, Maggie, and 2 in Alberta. Maggie does have some health issues, and we are still trying to find her a forever home, but it will be a challenge. Foster has said if necessary, she can stay with them. God Bless the fosters. Then we had Opi (8 year- old male) and Peep (6 year old male) come in just last week. Peep is a cross but owner wanted them to go to same rescue. We try hard to not take crosses but on the rare occasion it will happen. We already have some applications for these two so they will not be in foster long.

Rescue can take many hours of my time. From finding and screening fosters. Making sure the dogs needs are met when choosing fosters. Coordinating the transport of dogs to fosters. Following up to make sure the 3 main vet care issues are met. These are shots, neuter/spay and dental. Making sure Facebook page is kept active with lots of information about the rescue dogs to keep interest in them. Constantly keeping funds, front of mind so all vet bills can be paid. Sending and accepting applications and then reviewing all of them. Calling perspective adopters and their references. Then making the decision on best home for each dog.

And let me tell you although I have had some late-night calls because of time differences and some rough days, worrying if I would find the right fosters and transport etc. for the dogs it is worth every hour it takes. To see the change in these dogs and the pictures of new owners with their dogs is amazing. I have had adopters call me crying they were so happy to be chosen and after just a couple of weeks feel like the dog has been theirs forever.

I will end my report by again saying thank you to everyone who steps up. It is the only way we can make the rescue of a breed we all love happen.

Respectfully submitted

Donna Edwards

Here’s your chance to display your dogs and your accomplishments to the Papillon fancy. It will be lasting memento and a source of reference for years to come.

**THANK YOU FOR YOUR SUPPORT!**

# BRITISH COLUMBIA INTERIOR REPORT

March 2025

Director – Nancy Lopaschuk

Happy Spring everyone! As of today March 10<sup>th</sup>, here in Cranbrook, the snow has almost gone, and I believe it is the same for many interior BC cities. With spring and summer approaching, the shows/trials season will soon be getting into full swing with indoor shows/trials already happening and outdoor shows/trials starting soon.

A warm welcome to Joanne & Rob Lanyon from Maple Ridge, who have joined the club since our last newsletter. For this quarter, I only received news from one interior member for this newsletter. Congrats Shanelle on Catcha Later's Agility accomplishments for 2024!

## News from BC Interior Members

### Nancy & Richard Lopaschuk (Nanrich Perm Reg'd) – Cranbrook BC

No news to report other than we have had a very busy household with our "soon to be" 6 month old puppies when we were not shoveling and moving snow.

Catcha

### Shanelle McCormick – (Naturalgems Papillons) – Chilliwack BC

Rushines Catcha Later Truluv GCHTD AGE JTI PAD AGJE NS  
GND RN VN

Call name: Catcha Later

#1 agility papillon in Canada 2024

#4 agility toy dog Canada 2024

Owner/handler: Shanelle McCormick

Breeder: Kristina Rus

Earned at CKC agility trials across Canada

## Greeting from BC West Members

Summer is approaching...and shows are happening...I think we all are tired of being socially isolated and sure hoping our progress continues so we can see a "normal" life around the corner. I want to welcome Neil and Angelika to our membership. So excited for our Pap National in September and I hope we support our club if we can. See you at the shows..

Nancy Verhoog  
BC Papillons Canada Director BC West

Just wanted to share a recent accomplishment here at Chrysalis Papillions. The 2025 year has started off very well for Jr. Puppy entry at Ladies Kennel Club show

Chrysalis Ladymagic Lathyrus Just Julia, was awarded winners bitch each day for a 3 point weekend. At the same show, my baby puppy entry Naruralgem Chrysalis Opaline's Odyssey was awarded a best baby puppy in toy group and proudly strutted her way around the BIS ring at the end of day.

I am so pleased to have these sweet girls to show this upcoming year.

Christine Lavergne

### (Patricia Baisi)

It is with great sadness that Amore' Kennels makes known the death on March 14, 2021, of Jennifer Milat, my daughter and partner in dog shows. Jenny had a massive heart attack while alone except for her papillon, Sara (Serendipity at Truluv). (Sara, after a month stay with me, was rehomed with Jennifer's boyfriend, Donald Holborn, and is doing very well.)

Jenny loved the papillon breed and would have taken them all home if she could! She always tried her best at the dog shows and training classes and took to heart all the advice offered to her. We knew our puppies would probably not win on any given day, but we continued to enter because Jenny loved being there and meeting other "dog people".

She was willing to help where ever she could and often did. She especially enjoyed helping out with the World Famous Papillon Picnic.

We would like to thank all of you who befriended Jenny and spoke kindly to her at the shows or other events. We know that she touched many hearts. We would also like to send out a special thank you to Kay Reid and Marjorie Stroud; they took Jenny under their wings and taught her the ropes of showing and owning papillons. Jenny became quite close to them, as did I and my husband.

Jennifer you will forever be missed. We hope that as you crossed the Rainbow Bridge that Wink and Darcy were there waiting to play with you and give you kisses.

## First Charges laid in Ontario under new Preventing Unethical Puppy Sales Act.

Below is an article from the Windsor Star, Saturday February 1, 2025 regarding the first two people in Ontario to be convicted under the new Preventing Unethical Puppy Sales Act.

According to the article this act was passed June 6, 2024. And so it starts?

# Chatham-Kent pair first to be convicted under new puppy mill laws

ELLWOOD SHREVE

Two people in Chatham-Kent who were operating a puppy mill are the first in Ontario to be convicted for offences under the new Preventing Unethical Puppy Sales Act, in a case that saw two puppies having to be euthanized.

On Jan. 8, Peter Wiebe and Aganetha Wiebe both pleaded guilty to four charges in the Ontario Court of Justice in Chatham, including two counts of failure to comply, operating a puppy mill, and one count each of permitting distress and failing to comply with an order, stated a media release from the Ministry of the Solicitor General.

"Animal Welfare Services can confirm that it became aware of concerns related to this puppy mill on Aug. 7, 2024," said Brent Ross, Ministry of Solicitor spokesperson in an email. "On Aug. 8, 2024, two golden Labrador puppies were removed using a veterinary certificate and subsequently euthanized due to a parvovirus infection."

Charges were laid on Oct. 9, 2024, following an investigation, he said. Ross said Animal Welfare Services will not disclose the location of the former puppy mill and does not disclose materials that are collected as part an investigation.

Peter Wiebe was fined \$5,000 and ordered to pay restitution of \$11,500 for the cost of providing food, treatment and care for the dogs impacted by his offences, the ministry said.

The court also handed both offenders a lifetime ban on breeding or selling puppies and operating a kennel in Ontario. Both also are prohibited from owning any domestic animal for one year, the ministry said.

Following the one-year animal prohibition, the ministry said the court also imposed the following conditions on the pair:

- Own a maximum of two dogs
- License, spay or neuter any dogs, which must reside indoors.
- Notify an animal welfare inspector of the number of animals, gender, breed, size and physical

New legislation passed in 2024 prohibits harmful dog-breeding practices and mistreatment of puppies and their mothers. OSPCA HANDOUT/FILES

descriptors and proof of spay or neuter of each animal

- Permit random checks by an animal welfare inspector to determine the health of animals.
- Permit access to their property and residence to facilitate these checks.

The province introduced legislation in December 2023, which passed June 6, 2024, as an amendment to the Provincial Animal Welfare Act to stop harmful dog breeding practices, impose penalties and make sure dogs across Ontario receive the care they deserve, a ministry release said.

The act prohibits harmful dog-breeding practices most often associated with puppy mills and

the reckless sale of dogs, such as:

- Breeding a female dog more than three times in a two-year period.
- Breeding more than two litters from a female dog's consecutive heat cycles.
- Breeding a female dog that is less than a year old.
- Failing to keep a dog with a contagious disease away from other dogs or animals.
- Failing to ensure a dog's environment is sanitary and free from accumulation of waste.
- Separating a puppy from its mother before the age of eight weeks.

If an animal is in distress or being abused, citizens can call 1-833-926-4625.

## ONTARIO DIRECTOR

Well, Spring is on its way and just in time. Always seems like these long dark days of Fall and Winter just last way too long anymore. But now the clocks have once again jumped forward an hour the evenings are already starting to look much brighter!

It will soon again be the hustle and bustle of shows and I'm hoping come June I will be able to get out and take part in a few myself. For now I'm caught up in the no bending at waist, limited activities and monsoon of eye drops as I go through cataract procedures so many in their later years seem to have had to endure – mine are taking up the month of March! So thankful for my family as they help my husband and I manage as we are usually quite a very busy home.

### To All Papillon Enthusiasts of Ontario

In the spirit of comradery and for sharing information about our marvellous Papillon breed, Cindy Hayes and I would like to propose a Facebook Messenger Chat Group that would be used for showing our wonderful Papillons at our Ontario Shows.

This page could be utilized to include:

- Shows being attended by other breeders to help enhance entry numbers
- Be a helpful tool to use in the event someone would like to car pool to get to and from the show – there are over 200 car pool lots in Ontario
- It would be open to include any visitors to Ontario coming in for shows or if you just want to have a fun day out at a show and join in on the sharing of information etc about our wonderful Papillon breed

This could be a helpful format to once again be able to have boosters and bring back pot luck gatherings at shows that seem to have become removed from our show venues and which were so common in years past.

Lets get together and enjoy both our dogs and each others company. I'm sure we all have stories and helpful information about our breed that others can profit from!

Wishing everyone a Happy Easter! Submitted by: Robin Mercer

## TYPE VS STYLE

Published on Facebook by Shetara Bauer The following was written by Mr. Steve Dankner  
Thank You ... Steve ... enjoyed your comments, great explanation. Sharing 🍌🍌🍌

I have always been a big proponent of type versus style. I went to my trusty AI platform to explain it more eloquently. Here's what it came up with - In purebred dogs, the terms "type" and "style" are often used to describe aspects of a dog's appearance and how it conforms to the breed standard. However, these terms have distinct meanings and are used in specific contexts. Understanding the difference between "type" and "style" is crucial for breeders, judges, and enthusiasts deeply involved in the purebred dog community.

Type

"Type" refers to the specific characteristics that make a breed recognizable and distinguish it from other breeds. These characteristics include the dog's overall appearance, structure, and temperament. The type defines the breed and is outlined in the breed standard—a written document established by the breed's parent club that describes the ideal specimen of the breed. The type encompasses the essential qualities of the breed, such as size, proportion, coat, colour, head shape, and movement. For example, the distinct sloping back and the unique gait of the German Shepherd are critical aspects of its type.

Style

"Style," on the other hand, refers to the variations within the breed that are still acceptable within the breed standard but represent different interpretations or preferences in appearance. Style might include slight differences in coat texture, colour patterns, or how the dog carries itself, which can vary from one bloodline to another or reflect regional preferences. Style does not deviate from the breed standard but shows a range of acceptable expressions of that standard. For instance, in the Labrador Retriever breed, some dogs may have a slight difference in body build, with some appearing stockier and others more athletic, yet both fit within the breed's standard.

Importance of Understanding the Difference

For breeders and exhibitors, understanding the distinction between type and style is essential for breeding programs and for presenting dogs in competitions. Breeders aim to produce dogs that exemplify the breed's type while possibly favouring a specific style that they believe represents the breed's characteristics at their best. In dog shows, judges assess dogs based on how well they conform to the breed's type, considering the acceptable range of style within that breed.

Maintaining the breed's type is crucial for preserving the unique identity and purpose of the breed. In contrast, accepting various styles within that type ensures diversity and vitality within the breed population. Both concepts are vital for purebred dogs' health, function, and beauty, reflecting a balance between adherence to standards and appreciation for individual expression within those standards.
