EDITORS MESSAGE

Merry Christmas everyone. As the new editor of the "All Ears" I would first like to thank the previous editors for all their tremendous hard work to ensure that you the membership are always keep informed. I look forward to continuing this and adding more ideas and options for the membership. You will notice that in this issue and going forward that we have added the following:

- **Know Your Member** – this is by invitation (on a random draw basis). I will send out a list of 10 questions to be answered. If you are selected, I hope that you will participate. Forward back your answers, along with a picture of yourself (no show shots please).
- **Litter News** – Along with the opportunity to let your director know of any litters you have (please still do this as you can always give more information to the director). You can also send me one picture of the litter, along with the following information: Sire – Dam – Breeder - # and breakdown of puppies - Date of Birth
- **Braggs** – Along with the opportunity to let your director know of your great accomplishments in any of the arena's (Agility, Rally, Conf, etc). You can also send me one picture, along with the following. Registered name - Call Name - Owner and/or Breeder - win/or title attained and show. The picture can be either a showshot, casual or action shot. Only wins within the past 12 months.

For the above, please send the information to me, with the title of the page in the subject line of the email.

- **CanuckDog Stats** – As of this year the CKC has hired Sue and Canuck Dogs to not only track the dog's performances, but also to be the resource for Show, Trials, etc. I will include a snapshot of the current stats (papillons only) for the membership, as many of them are club members.

Another wonderful add, is with the permission of the executive, we will be adding in pages from the Papillon Canada Handbooks from 1992 and 2000. These will be dispersed throughout 2022 issues. Thank you to Nancy Lopaschuk for scanning and forwarding these wonderful resources.

Another add will be a page link to the executive – directors and committee reports. Click on the Executive name, if they have any report you will be directed to it. As well a table of contents, where you can click on the title in the table, and you will directed to that section.

The Membership dues are again top of mind, so in this issue you will find the necessary forms as well as information from Kathy French on how to pay and complete the forms. Please take the time to get this to her, well before the due date.

Again, thank you everyone.

May the Christmas Season fill
Your Home with Joy
Your Heart with Love &
Your Life with Laughter

President's Message

I am sitting here in my office watching the snow sifting down. It is finally looking like Christmas! We had an unprecedented warm fall and only got permanent snow in October. That is really late for the foothills of the Rockies. I hope Mother Nature doesn't feel like she has to make up for lost time now!

We have come to the end of the dog show scene in Alberta for this year. It was so nice to finally have some shows to go to! A resumption of our sport was very welcome. I would like to congratulate everyone who brought home new champions this year and to those who dedicated themselves to bringing lovely new puppies into the world and working with them to become excellent ambassadors for our breed.

I would like to welcome our new newsletter editor. A huge shout out to Margaret Zacher who stepped up to the plate and volunteered to edit All Ears for us! Thank you Margaret! I am looking forward to your first edition. I also want to thank Yvonne Lord for her work as editor for the past couple of years. You successfully helped us launch an on-line newsletter and did a wonderful job!

Everyone is welcome to contribute to the newsletter. If you have something you want to communicate with the rest of the club, don't hesitate to put your ideas down and send them in. Margaret will be looking for content. Our newsletter is only as good as we, the members of Papillon Canada, make it!

The Papillon Canada calendar supporting Papillon Canada Rescue was a great success and sold out quickly. Dietlinde Wall, another of our talented members, did an outstanding job putting it all together! Thank you Dietlinde!

It is that time of year to renew your membership in Papillon Canada. Please fill out the membership renewal form and send it, along with your dues, to Kathy French, our Secretary. Kathy does so much to keep this club running smoothly! She keeps track of all our members and their current contact information, keeps track of all Board decisions and acts as our Benevolent coordinator! Thank you Kathy!

I would like to express my sorrow and concern over the flooding in British Columbia in November. What an unprecedented amount of water that affected so many communities! I hope all are returning to normal now and those that were evacuated have been able to return to their homes. It will take a while to clean up the damage, but hopefully by next year the highways will be repaired and the routes to and from B.C. will again be open!

I want to wish you all a very Merry Christmas and all good things in the year ahead!

Louann

SECRETARY/MEMBERSHIP CHAIR REPORT

Season's Greetings to all Papillon Canada Club members and your families, as well as all of your beloved Paps! My wish once again is for all of you to have a peaceful and safe holiday season. I can scarcely believe that the year 2021 has almost come to an end. And I can hardly believe that we have all been living through this Covid pandemic for nearly two years!

Thankfully, vaccinations were quickly forthcoming this past year, which allowed many of us to begin to safely gather again for dog shows and family events. As for myself, being immunocompromised, I have been treading lightly, continuing to be careful with regard to my choice of gatherings.

I am pleased, however, that I have begun to feel comfortable gathering once again with a few of my Papillon friends, bringing our dogs together for "Pappy Play Dates." And of course, needless to say, our Paps are pleased too!

On another note, my heart goes out to all those B.C. Club members and their families who live in the south western Region of British Columbia. Some, having lived through the ordeal of disastrous wild fires in the Spring are now having to live through torrential rains, mudslides and flooding. As if the Covid pandemic was not enough! I hope and pray that all of our Club members who were forced to evacuate their homes were able to find shelter with family or friends. I also hope that as each of you return home, you will not be also faced with further hardships. We are with you in Spirit.

MEMBERSHIP RENEWAL

I want to remind all of you once again, that membership renewal applications and fees are due very shortly, **January 1, 2022**. Thank you to those Club members who have already sent in your renewal application form and fees. As I write this, it is the first week of December and I have only received **6** membership renewals. So I'm hoping to receive many more in the coming weeks.

A **Membership Renewal** application form and a **Website Listing** form were attached to the September 2021 edition of the "All Ears" Newsletter. For your convenience, they are attached to this Newsletter as well. Renewal applications and membership fees can be mailed directly to me, the Papillon Canada Club Membership Chairperson...

Kathy French, 38 Tomlinson Ave., Winnipeg, Manitoba, Canada, R2K 3K9

***Please do not send cash in the mail. Cheques, money orders or bank drafts, would be greatly appreciated.**

Club members also have the option of sending an **E-Transfer** payment directly to our Club's Treasurer, **Donna Edwards** at donlenpaps@aol.com

However, I do still require that a 2022 Membership Renewal form be completed & mailed directly to me.

Papillon Canada Rescue Report - by Toby Hately

Happy holidays to everyone and thank you for your support over 2021. This year we have been very fortunate not to have any little butterflies in rescue. I would like to believe this will continue forever!

Thank you, Dietlinde for taking time out of your busy schedule at work to create this fantastic calendar for all of us to enjoy. I love seeing all the happy pappys and can see how proud their owners are of their fur babies. Thank you to everyone who sent in pictures for our calendar this year. Dietlinde has made a special request for winter and Holiday photos for next year's calendar. These can be sent to her anytime to Dietlinde@shaw.ca. So if you are out with your little ones please snap some nice shots and send them in!

Total proceeds to Papillon Canada Rescue = \$1,533.73. The calendar sold out quickly!

PAPILLON CANADA RESCUE DONATIONS - Report by Kathy French

Several years ago, the Board of Directors approved the addition of an **optional donation** to **Papillon Canada Rescue**, on the Membership Renewal form, to assist in it's important on-going work. As all of you know, Papillon Canada Rescue is a not-for-profit organization whose volunteers find loving, supportive, adoptive homes for Papillon's who are lost, abandoned, neglected, mistreated, or who have owners who are no longer able to care for them. While we have not received many Paps into Rescue this past year, we expect that as the Covid pandemic recedes and more people head back to work, we may find ourselves receiving Paps requiring Rescue's care.

100% of the funds, which come from donations, fundraising activities, and adoption donations, go directly to the medical care, rehabilitation, and re-homing of the Papillon's in need who come into Papillon Canada Rescue's care. Thank you to those of you who have already sent in a donation. It is very much appreciated.

If you do choose to make such a donation, as some of you have so generously done in past years, please write an additional **cheque** or **money order** or **bank draft** made out to **Papillon Canada Rescue** and include it along with the mailing of your membership renewal application form and membership fee. I will then mail these cheques and/or money orders and bank drafts on to our **Papillon Canada Rescue Treasurer, Donna Edwards**. As well, Club members also have the option of sending an **E-Transfer** donation directly to our Rescue's Treasurer, **Donna Edwards** at papilloncanadarescue@gmail.com

Member Listing Application 2022

A webpage has been set up to assist in directing the public to Club members who wish to disclose personal and canine information.

Inclusion on the webpage is available to all Papillon Canada members in good standing.

Contact information may contain an email address, website address, and telephone number.

The website listing application will be included with the Membership Application Form for all new members as well as the Renewal Form for all existing members. This application must be signed, completed and returned to the Membership Chairperson with your membership fee and Renewal Form or Application for Membership in order to adhere to policies for the protection of personal information.

To help our Volunteer Webmaster we have set the following policies:

- Any member in good standing may have a listing on the webpage.
- A change of email or website address or telephone number can be submitted to the Membership Chairperson at any time and he/she will forward it to the Webmaster.
- A member may remove his/her information from the webpage at any time. Once a member has removed his/her information it may not be reinstated until a new website listing application has been completed and sent to the Membership Chairperson.
- Each listing will have a minimum of a name, email address and/or telephone number and/or website address, and/or kennel name.
- All listings will be grouped and listed alphabetically by member's last name and region.

Your name as you would like to see it listed: _____

Your kennel name: _____

Your email address: _____

Your website address: _____

Your phone number: _____

DO YOU ALSO WISH TO BE LISTED AS A BREEDER Yes _____ No _____

BRITISH COLUMBIA INTERIOR REPORT

December 2021 - Nancy Lopaschuk - Director

The biggest event in BC since our last newsletter has been the terrible flooding and devastation of mid-November. First, during the summer, the areas were ravaged by wildfires and heat domes and now flooding and landslides with many highways washed out and no timeline as to when they will be repaired. The loss of thousands of chickens, cows and other livestock is unimaginable as well as the food producing farms that were destroyed.

Not to mention, the lives lost and thousands of people who have lost everything, many with no insurance available as their homes were in a flood plain. Its unimaginable that a months' worth of rainfall could fall in a single 24-hour period and result in such widespread devastation. Thoughts and prayers are with all British Columbians, and particularly our BC members and their families in affected communities that have been touched by this tragic weather event. As of today, December 5/21, there is still mass flooding in the lower mainland and many highways are still closed. Thank you to the following members in BC Interior who have sent in their news.

Yvonne Lord & Frank LaFrance – Merritt BC

As of Nov 29, we are on day 15 out of our home which is unaffected by the floods!

In September, we participated in the CARO video rally trials... Stormy finished her Novice Team title and Tempe earned her first leg toward her Novice title. I really like Canadian Association of Rally Obedience as they are very welcoming of non-registered dogs, accommodating to handicapped dogs and handlers... and are a bit more stringent than CKC rally rules. (I have titled dogs in both)

In October, Tempe started another set of agility classes, and she is loving them and being more tolerant of strange dogs and people... she is such a COVID puppy! We managed to connect with another papillon and owner who live near hope. S'Mores (bred by Debbie Dietrich/Nicomen) and Joanna Taylor have been driving from Hope to Merritt for classes, but given the current state of the Coquihalla, I don't expect to see them again for a while!

November has been an issue with the floods and my training group may have lost our facility to flood damage... sigh. Here is hoping the New Year is kinder to all of us! Best wishes to all! Regards, Yvonne & Frank

Update! *It is Dec 4 and we have been allowed to come home. We have had wonderful hosts who opened their home to us, but it is so good to be home. Pups are all on their spots on the couch and so glad to be home! Our hearts go out to our neighbours, here in Merritt and in other flooded areas. Hope you are all well and dry.*

The first successful selfie! My arms aren't long enough so I had to work at getting a selfie with Tempest!

Moire Ure – (Annacott Papillons & Phalenes) - Grand Forks

We are glad to announce that Annacott Animato Gay Holly has completed her American championship requirements. Holly is owned by Mary Maher and bred by Louann Hansen and Moira. Holly entered the ring in August at the PAPS specialty and went WB the first time in the ring for a 5-point win under Michael Canalizo on August 20th. The following week-end Holly went WB at the Houston Papillon Club under Judith Brown for 4 points. The following week Holly went WB at Cedar Rapids Kennel Association which is held in conjunction with the Papillon Club of Iowa. Another 4-point win under judge John Constantine-Amodel. Then Holly went to the Papillon Club of America National and went Best Phalene at the National and the associated specialty. Holly and June (June Peterson) took a break from the shows. Holly and June went to the Sooner State Kennel Club shows on October 16 th and Holly finished her title with a bang. The first day under Ken Murray Holly went Best of Winners. The final day under Toddie Clark, Holly and June went Best of Winners and Best Opposite Sex over the Specials. What an exciting trip for a small phalene to finish her title in such style and picking up most of her points at papillon specialties. June did such an amazing job of bringing the little dog along as Holly had not been in a ring for over 2 years.

Wishing everyone a Merry Christmas and Best Wishes for 2022.

Barbara Hay – Sunokas – Vernon BC

Sunokas Jedi Warrior got his ADC title this year and also his SGDC this year He has been doing agility just this year and also won Best Bred by Exhibitor at our Specialty in castlegar this summer

Ch. Sunokas Mario is working on his Grand Championship in the confirmation ring and also got his ADC title this year and his SGDC title this year in agility

Sunokas Porsche is working on getting her Ch. in confirmation and is also doing agility. She has just started agility this year with her brother Jedi and Mario and has received ADC title, SGDC title , AADC title and also her AGDC title

I cannot say how proud I am of these 3 dogs and the accomplishments they have made this year in agility. They have only been doing agility for 1 year and they love it and are showing just how papillons are smart and beautiful.

Carol Swan-Laing – Lil' Devils Perm Reg – Abbotsford. BC.

We live on Matsqui Prairie, just north of Sumas Prairie, where all the flooding has been happening in the last 3 weeks. Although we haven't had major flooding on our little farm, there have been many roads closed and farms with flooded fields in our area. The last storm, #3, hit us harder! Our home is higher and stayed dry! But our barn, shop and greenhouse were not so lucky! The ground was so saturated and the water from the previous 2 storms was still sitting in huge ponds and lakes! Please thank everyone for their kind thoughts and support! 😊 Sorry, this is a little late, as I've had very little time for emails!

Take care & stay safe & warm & dry! 😊 Carol & Jim & all the Lil' Devils, Perm. Reg'd.

Margaret Zacher (Ladymagic) – Kelowna BC

On Oct 14 – 3 littermates celebrated their 16th birthday. Kris "Am/Can GChEx Arkeno Watch Closely Now (resides with me), CGN", Sonic "Am/Can Ch Arkeno Ladymagic Shock Wave" (resides in USA) and Nicole "Aust/Can Ch Arkeno Ladymagic She's So Sexy" (resides in Australia). Unfortunately, last week we heard the sad news that Nicole has gone to the Rainbow Bridge

In the show front Sailor – we have been busy in conformation, obedience or rally. To celebrate his 4th birthday, he attained his CDX and RE title in one weekend. He has also attained his Grand Champion Silver and is almost ½ the way to Grand Champion Gold. AmCh CanGChEx, CanChS, TDCh Ladymagic TopFlite Windcatcher, Can CDX & RE, Am RN-TDE

Sailor has made Papillon History by being the first to compete in all 3 rings in one year and attain the follow.

Conformation #1 Papillon, #2 Toy, Rally #1 Papillon and Obedience #2 Toy. We look forward to hear in years to come of those that will break this record.

I have also taken on the duty of All Ears and look forward to keeping everyone informed. May the Christmas Season fill – Your home with Joy, Your heart with Love and Your Life with Laughter

Nancy & Richard Lopaschuk (Nanrich Perm Reg'd) – Cranbrook BC

Since the last newsletter, I ventured to Lethbridge with puppy CH Nanrich TopFlite Never Say Never and GCH Nanrich TopFlite Sky's The Limit. "Never" completed her CH in the first 3 shows undefeated from the classes with 2 BOB's, 2 Puppy Group 1sts, a BPIS and a Gr 3 and 4. "Skyler" was awarded 2 Selects and a BOS. The following weekend Never & I took in the Evelyn Kenney shows in Calgary where she was awarded a BOS, BPIB and a BPIG...all from the 6-9 Class. On November 20th while I was in Lethbridge, Dick was judging in Ontario and received his Senior Judges Gold Pin and Certificate presented by Barbara Heal of the Canadian Dog Judge's Association. This honour is bestowed on judges who have completed 20 years as an All-Breed Judge. Dick started his judging career 33 years ago with the Terrier Group. All the Best to everyone for 2022 which "has" to be better than 2021.

Alberta/Manitoba/Saskatchewan Report

Paradisewing Papillons, Jennifer Raymakers

Hello everyone! I hope you all had a great year. Mine was very busy and unfortunately, I did not get out with the dogs as much as I would have liked or hoped. Fingers crossed that 2022 is a better show year for us.

We did manage to make it to the CKOC show in Olds AB where I had GCH Runway's N' Paradisewing's Set the World On Fire (Arson) entered for the first time in over a year, he did great, picking up a group placement and several select dogs. Importantly we had a blast, he is such a clown and shows it often in the ring.

Our new baby girl Passionpaps Zendaya's Song (Lyric) made it to a couple of baby puppy rings at the same show and had a great time. Can't wait to get her out and about next year, she is a lot of fun, we should have a blast.

I hope everyone has a wonderful holiday season and Best Wishes for the coming 2022 year, I hope to see you all in the New Year! Happy Holidays Jennifer Raymakers

Rae Anne Papillons, Toby Hately

What a year! We actually went to a couple of Dog Shows! Rae Anne's Let it Be You (Katie) received her Grand Championship this summer with Handler David and Pat Gignac! She went out on the BC circuit at the end of June and finished in Olds, AB. Katie loves life and everyone around her. This little dog showed her heart out at the summer Speciality in Castlegar, BC. This little girl is a dream to have in the house! Katie is expecting puppies this winter and we look forward to having more like her around the house.

Rae Anne's Finishing Touch (Tucker) has been a very busy boy. He has sired 3 litters this year. One of them from the previous year produced Katie! Tucker received his Canine Good Neighbor Certificate this summer and thinks of himself as the man of the house. The last litter was born November 16th, 2021 3 girls and 2 boys. This litter looks very promising, and we are looking forward to placing some of these pups in show homes.

We bred both Fancy and Ruby in the Spring. They produced some very lovely puppies. Tommy at 4 months old was awarded Best Baby Puppy in Group at the Evelyn Kenney show in Calgary, and Hunter who turned 6 months on the Friday of the show took Best of Winners both days and Best Puppy on the Sunday!

Season's Greetings and Happy New Year from my family to yours! Looking forward to seeing everyone at the shows in 2022!

Animato Papillons, Louann Hansen

I have some wonderful news. I finally was able to show my dogs this summer and fall in a few shows. I was so pleased with how well Cookie, my youngest little phalene did. In Castlegar at her first dog show weekend she was BOW at the Papillon Canada Booster for 3 points and at the Battle River club shows in Camrose, she was Best of Winners once and Winners Bitch and Best of Opposite twice and that finished her Championship! So seemingly in a blink she was finished! And, at the Camrose shows, her half sister, Autumn, Animato Autumn Splendor, was Reserve Winners Bitch all three days that Cookie went up! I was so pleased with my phalene girls!

And I would like to announce a new litter of phalenes here at Animato. Crystal, Animato Andali Heart Of Glass, produced three lovely little girls sired by CH Animato Annacott Red Diamond. Meet Animato The Bees Knees, "Bee", Animato The Cat's Pyjamas, "PJ" and Animato She's A Hotsy Totsy, "Totsy". Totsy's picture is taken at a younger age as she has gone to her new home now. The other two are keeping me very busy! Love these pups!

Litter News: Members can submit a picture of puppies (with mom) for submission into this section of the newsletter.

Please ensure that you also submit a complete write up to your director for their reports (with more details). **This is FREE.**

Criteria: Only information will be the following: Sire – Dam – Breeder - # and breakdown on puppies and Date of Birth, with 1 picture.

Sire: Rae Anne’s Finishing Touch (Tucker) born November 16th, 2021 3 girls and 2 boys **Breeder:** Toby Hately

Sire: CH Animato Annacott Red Diamond **Dam:** Animato Andali Heart Of Glass **Breeder:** Louann Hansen
Born July 19-2021

Animato
The Bees
Knees,
“Bee”

Animato The Cat’s Pyjamas, “PJ”

Animato She’s A Hotsy Totsy, “Totsy”

Braggs: Members can submit a picture for submission into this section of the newsletter (only wins with the last 12 months). Please ensure that you also submit a complete write up to your director for their reports (with more details). **This is FREE.**

Alanna Downton

What is your favourite series, movie or book? My favorite series at present is "Hudson and Rex" filmed locally in St. John's, NL. starring a GSD with an amazing number of behaviors almost exclusively cued on set nonverbally in order to not interfere with dialog. I've spoken to his very talented trainer/owner/handler when one episode was filmed on my street. I also really like "The Good Doctor". I worked with many people with Autism in my career and the show is very well done.

How long have you been evolved in Papillons and/or Dogs? I started showing Labs in 1971 and did limited breeding. One of my Labs was # 7 all breeds in Canada in obedience in 1978 and she and another of mine alternated being # 1 in the breed nationally in obedience for several years. Another of my Labs dominated the Lab breed, and often the sporting group, for many years in the conformation ring locally. I started in Papillons in 1994 but decided I wanted to get into Papillons back in 1978 after seeing the outstanding Ch. Jaclair's Ziggy in the show ring campaigning for top dog all breeds at a time when very few Papillons were being shown. Before getting into dogs, I showed horses for several years and stayed involved in horses all my life.

What is the activity or activities that you do with your dog (ie: Agility, Breeding, Rally, etc)? My activity in Labs is briefly described above. With Papillons, conformation has been my main organized activity although I have done some limited breeding and some Rally obedience. I've been very fortunate that almost all of my Papillons have been outstanding in the show ring. My first, bred by Belle Darris, Ch Kinduhaven's Angel Kissed Jazz, won many group 1sts and BOS at our National Specialty in 2004 in Halifax at 10 yrs old (The first Papillon specialty I attended) My homebred GCH Okkak's Magnus Lacelink "Mac" was the most successful show dog of mine winning 5 all breed BIS, 4 all breed reserve BIS and 17 group 1sts (all in 5 different provinces including a BIS in Ottawa). His mother, homebred Ch. Okkaks's Legacy of Lace RN, won groups in 3 provinces and did well in Rally. Mac's father, CH. Maison Della Status Quo, bred by Darson De La Torre in Brazil won group placements almost every time he was shown. Mac's grandmother, Ch. Maximilian's Chantilly Lace, bred by Pat Groff, won an AOM at our National Specialty and a BISS in a toy specialty and first in her American bred class in an American National Specialty (when only 1 yr old).

What part of the dog activities do you like the most and why? I love all aspects of having my dogs except losing them. I truly appreciate how they have enriched my life as companions and with their achievements and also through the lifelong friends they brought into my life.

What variety of Papillon do you have or have bred (Erect Ear or Drop Ear or Both), and tell us a bit about them? I've had all erect ears-- Papillons. I appreciate the Phalenes very much as well but the breeders that I became connected with in obtaining/breeding my dogs all had erect eared dogs. Belle Darris, Pat Groff and Darson De La Torre entrusted me with top quality dogs that resulted in my breeding successes, and I am forever grateful to them.

What do you think is the difference between a good dog and a great dog? A good dog, as well as a great dog, is a dog that matches very well the person/home he or she is with whether purely as a companion or as a conformation show dog, a performance event dog, a breeding dog etc. Good and great Papillons should be sound in mind and body and fit the breed standard. A great dog for the Papillon/Phalene breed itself is one that fits the breed standard in an outstanding way --including temperament-- is sound and healthy and passes great quality and health to progeny. A great show dog also has that ethereal quality of showmanship that makes him/her sparkle and stand out among other very good dogs. It's hard to define but when they have "it" both dog and handler are "in the zone" and that is apparent to all including the judges.

If you could give your 20 yr old self advice today, what would it be? I don't think I'd change the trajectory of my life with any advice to my 20 yr old self. I learned much about conformation (and found my husband) through horses-- getting into horses as early as I could at 20 not having grown up in an animal oriented home but always being passionate about horses, dogs and cats. Two years later I started with dogs and organized dog events (show and field first and then obedience in 1975.) When I came to Papillons in 1994, Belle Darris, who had already been a long-term friend through dogs, was very generous in educating me about Papillons in particular and she started me with a very strong show

quality Papillon. I would have liked to have campaigned my Papillons more and attended more Specialities but my whole career was as a school guidance counselor and I had no flexible time off for shows that didn't happen at Christmas, Easter or summer. I also had 2 daughters as well as an ill and dependent parent for many years so travel opportunities were limited for some time. When I retired, I was able to do more travelling and showing.

What can each of us do to help ensure that our sport and club prosper? All of us can respond with enthusiasm when anyone shows any interest in our breed whether on a walk (A random encounter with a person with a show Lab while on a walk started me in dog shows and lifelong dog activity) at any dog event or community event involving dogs-- pet expos etc. Let's not ever be too busy to engage with an interested person and/or mentor a newbie in shows, performance events, breeding etc. Anyone who can should support organized dog activity whether through club work or teaching classes or outreach /therapy etc. Ethical breeders are the ultimate promoters of our breed and I hope all stand behind the dogs they breed completely and make very careful breeding plans and choose buyers and educate them as much as possible. There is a lot of bad publicity surrounding all purebred dogs (esp those with extreme man made features that can bring on extreme health issues) and people are often pushed to "adopt and not shop". Obviously I hope dogs that need to be rescued will find homes but also, very importantly, our generally healthy wonderful breed deserves to be preserved at a quality level and younger people are needed to carry on.

Through the years the purebred fancy has changed greatly, what do you miss the most? I am in my 70's. I have been involved in showing, obedience, and limited breeding since 1971. Locally, there has been little change in the purebred dog world (except what Covid 19 has caused). Our dog community here is small and close knit and generally very supportive of each other in wins, breeding, achievements etc. as well as being so helpful when we lose our precious dogs. I know that is not always true everywhere but we can do our best as individuals to keep things positive wherever we are and focus on the dogs'/our breed's best interests. What I miss most are the wonderful dog friends who are no longer with us and my cherished Papillons who are no longer with me.

What would you like to tell the person/mentor that got you involved in Papillons? Belle Darris was my first and main mentor in the Papillon breed and also connected me with Pat Groff and Darson De La Torre. All these wonderful breeders entrusted me with top quality Papillons from whom I got top quality Papillons when I bred. There are not enough words to express my appreciation to Belle as well as to Pat and Darson for the superb Papillons I got from them and for their superb friendship and mentorship. Until Covid stopped so much, I visited Belle every year in NS since she moved back to her home province from NL in 1998. So sadly, Belle's husband OJ and their daughter, Yvonne both passed away in fairly recent years which makes all the memories from all the visits extra special. Even though Pat is in the US., and Darson is in Brazil we have managed a fair number of get togethers until Covid 19 wrecked its havoc.

In summary, thank you Margaret for taking on the position as editor of "All Ears" and starting new articles on members. I was on the Papillon Canada executive for app 20 yrs (as well as on executives of 2 other dog clubs and 2 horse clubs) and it all takes lots of effort but is so worthwhile for promoting everything we value so much involving Papillons including those needing our rescue branch.

I live in St. John's NL. with my husband, John and only 2 older Papillons now having lost 4 Papillons in 2 years as well as our app 40 yr old horse. Given all that has happened with Covid, we are fortunate that our two daughters live close to us with their husbands. One is a doctor and one an artist specializing in doing tattoos. My life has been centered around family, a career I felt very connected with, my dogs, my horses, music and friends. I hope all of you stay well and safe as we all deal with the pandemic while trying to carry on with everything that we can especially with the wonderful Papillons and Phalenes that connect all of us.

Tobey Hatley – RaeAnne Kennel – Alberta - Thank you, for choosing me for this new edition of All Ears Newsletter!

What is your favourite series, movie or book? I have enjoyed many good series over the last two years, as I am sure most of us have. Covid-19 has allowed me to challenge the norm when choosing books, movies and shows. I think the series I have enjoyed the most for its ability to meet and solve challenges would have to be “McLeod’s Daughters”. It definitely has its ups and downs. The funniest series I have watched is “Still Game”. It follows two Scottish pensioners through their daily lives. I am always up

for a good movie. Whether it is a period piece, or a romance, I am also partial to a rowdy western, or anything with a dog in it. I have however long lost my love of horror movies.

How long have you been evolved in Papillons and/or Dogs? I have been in love with animals since a small child. My dad brought home a puppy for me and that was it! I have had some species of animal with me ever since. I have raised and bred birds. Hand taming and selling them to what I always hoped would be the best home! My first Papillon was KT. I found her in a pet shop in Vernon, BC when I was 13. She was by my side until I left Vernon and my brother took over as her care giver. We both loved her very much and she is still a wonderful memory for us. KT passed away at 10 years old from a heart attack. I have had many dogs since KT. Mutts, Airedales, Wire Fox Terriers and finally back to my beautiful butterflies! I still have Gracie; she will be 17 in March of 2022. I have always loved training my dogs. I was certified as a trainer in 2009. I thought that I would help others with their animals as a hobby. In 2012, I bought my first “show quality” Papillon and we have not looked back! Annie was a smart and eager to please kind of dog. She made everything easy. We have trained her and her pups in confirmation, agility and obedience.

What is the activity or activities that you do with your dog (ie: Agility, Breeding, Rally, etc)? What part of the dog activities do you like the most and why? I have to say the best part of any dog activity is watching the dogs enjoy themselves even more than you do! My lovely boy Tucker has always been my biggest challenge. Finding a way and a format that he felt comfortable with was a huge undertaking. Once Tucker figured out that having me all to himself at a dog show was his favorite thing, he started to perform and enjoy his time in the ring. He is my rock star and little man! For the most part it has just been me and Tucker in the ring. He is a Canadian Grand Champion, owner handled, an American Champion by a handler and an International Champion owner handled.

What do you think is the difference between a good dog and a great dog? I think a good dog is a dog someone has in their home. I think all the dogs in my home are great dogs!

What variety of Papillon do you have or have bred (Erect Ear or Drop Ear or Both), and tell us a bit about them? I have only ever had erect eared Papillons; I have looked at the Phalène but have not gotten involved as yet.

If you could give your 20 yr old self advice today, what would it be? If I could give my 20 year old self advice, I would have to say do what you love. Ask for what you really want, and never let anyone tell you, you aren’t good enough or you can’t because you aren’t smart enough.

What can each of us do to help ensure that our sport and club prosper? Through the years the purebred fancy has changed greatly, what do you miss the most? What would you like to tell the person/mentor that got you involved in Papillons?

I think the purebred dog will prosper by the excitement and good sportsmanship seen by others in the fancy. People see you and your competitors having fun and enjoying each other’s company that it will be contagious and make others want to join in! I have had a lot of great people/mentors help me get going in the Papillon breed. To each and every one of them I say, thank you! Thank you for lessons learned, thank you for good advice, thank you for giving me a little push to keep me moving forward, and last but not least, thank you for your friendship. You all mean a great deal to me.

Debra Robertson - Manitoba

What is your favourite series, movie or book?

Favourite series is Outlander.

How long have you been evolved in Papillons and/or Dogs?

I have been involved with dogs for 45 years, Papillons for almost 17 years.

What is the activity or activities that you do with your dog (ie: Agility, Breeding, Rally, etc)?

I have done or now do the following activities with my Papillons: Conformation, obedience, rally, treibball, tracking, herding, barnhunt and St John's Therapy Dog Program. I also compete in the USA when possible.

What part of the dog activities do you like the most and why? I love the shaping and teaching phase of obedience and tracking because my dogs love it.

What variety of Papillon do you have or have bred (Erect Ear or Drop Ear or Both), and tell us a bit about them?

Currently I have 3 Papillons. Cache, who does conformation, treibball and tracking, Journey who does conformation and Riddle who does obedience, rally, chaseability and barnhunt.

What do you think is the difference between a good dog and a great dog? In my opinion, the difference between a good dog and a great dog is attitude, training and the relationship the dog has with you.

If you could give your 20 yr old self advice today, what would it be? Really research what makes you happy and do it!

What can each of us do to help ensure that our sport and club prosper? Be involved with your club, stay a member, volunteer, attend Nationals when possible and help out when you can.

Through the years the purebred fancy has changed greatly, what do you miss the most? I miss the local club get togethers, socializing with the people. So many clubs in Winnipeg have closed down due to lack of members etc. We have lost so many shows in Manitoba.

What would you like to tell the person/mentor that got you involved in Papillons? I have several Pap mentors that got me started in Papillons. Karen Shiels and Darcy Anonychuck of Canisphere Papillons were the first breeders that I got my first Papillon, Cricket from. Then I was hooked. I also have had so much help from Linda Smith and Mardell Leppington of Riff Raff Papillons, where I got Riddle and Journey from. They are all good friends today and I greatly value their friendship and knowledge. Linda Smith has continued to mentor me to this day, and I am so very thankful for her help.

What makes a great breeder?

Written by Margaret Zacher on Dec 2011 in Doggy Blog

This is a great topic of discussion in any arena, whether it is dog, cat or whatever. In my years of breeding, I have found a few areas that I believe are an important part of the great breeder.

First, the breeder must really understand the breed they are trying to reproduce. This for some can take years of research. For some the understanding of the breed comes easy, for others it never really comes to full tuition. To help the new breeder understand, besides reading the breed standard, it would be to their advantage to see as many fellow breeders stock as possible. This would mean going to see puppies in the beginning stages to full maturity. Evaluating the parents to see what attributes each has to offer to the offspring, and how the parents and grand parents contributed to the puppies.

This leads to the **second**, understanding a pedigree, and how each of the parts has contributed to the offspring. Not only should you understand the dogs/bitches in the pedigree, but as many as possible of the dogs/bitches siblings. This can take some extra time in research, but is well worth all the efforts. Common traits will become more evident when you analyze a pedigree. You will not only find virtues you want to maintain, but also virtues you do not want. Both are important in the decision making process.

Third and most important is breeding for the future. What do I mean by this? Look into the future. The puppy you just produced 3 years ago, who today would you breed that puppy to? In other words, look into the future and plan accordingly. Always, be looking 3 to 5 years forward. When I breed x to y, and keep a puppy, who will that dog/bitch be bred to in-order to keep the future of the breed going forward.

The **next step** is to take the plunge and with all your information in hand, do the breeding that you truly feel will better the breed. This may not always be what your fellow breeders feel is correct. As in any arena everyone has an opinion on what would be best.

I have a saying. ***A breeder is like a painter, with the right colors, correct pallet, tools and idea they can create their own masterpiece. Remember that Michelangelo and Picasso were both great masters, each one in their own right.***

I do not profess that as a breeder you should be so different, but in some people's minds your idea of perfection may not be the same as mine. Also, as a breeder you are playing GOD. These dogs would not have been mated if it had not been for your intervention. So whatever you produce is your responsibility, till the bitter end. Selling them does not release you from this obligation. But if you have done all of your homework and truly believe what you are doing and do it with a clear mind and act responsible, then I wish you success and the all the best To You the New Breeder.
